

# Marden Parish Council

## Environmental and Sustainability Group Meeting

### by Zoom on 20 October 2020

#### Present

Rod Lees, David Bennett, Jan Cross, Gwyneth Godding, Claire Snead, Jessica Tidball.

#### Apologies

Lesley Haywood.

RL welcomed everyone to the group and outlined the Objectives of the group and the objectives of this meeting as follows

The overall objective of the group is to come up with practical ideas which they can then put into action to improve the environment and sustainability of Marden Parish.

This meeting is an opportunity for us all to introduce ourselves and share a bit about our background, expectations, and ambitions from the group and to share our experience and knowledge.

We have a very wide range of knowledge and experience on the group, there are lots of things we want to do and deliver.

Agreed that we would all go away and come back with a maximum of 6 projects we would like to implement. These are to be circulated to the group by Friday 30<sup>th</sup> October so we can all review each other's ideas to enable an informed debate at the next meeting 7pm Tuesday 3<sup>rd</sup> November. The objective of that meeting is to agree a list of 6 projects to put to the Parish Council on the 9<sup>th</sup> November for sign off. We need to scope the project, identify any costs, timescale, and resource. A list of thoughts from the Parish Council was circulated but this is only intended as a stimulation to thought, any ideas are good ideas.

RL to circulate notes from the Herefordshire Green Network.
